### Monkey Seen from Highway; Wolf Is Killed on Rt. 45

DA MONK: You remember about the two fellows seeing the monkey on Route 13 in Cottage township about a week ago? They were Calvin Leverette and Bill Brogan, who were driving along at night and saw the animal by the side of the road.

I've run across somebody who saw the monkey in broad daylight, a few days before it was seen in Cottage.

Miss Norma Clark of Wasson, employed at the Gulf bulk plant, told me she was driving on Route 45 between Wasson and Eldorado around 10:30 a. m. Thanksgiving Day with Leroy Mahaffey of Wasson and his young niece.

Right across the highway in front of them, she said, the monkey ran. They stopped the car as quickly as they could but the monkey kept going and disappeared.

It was a pretty good sized monkey, she reported.

Miss Clark said the monkey crossed to the south and it was headed in the right direction to be seen on Route 13 later on.

As far as I know the monkey is still at large.

THOUGHT FOR TODAY: The pain that hurts most of all, and one against which medical science is helpless, is that hurt which comes from the spoken word.

VENERATION: The pumpkin, Mr. Webster's dictionary says, is the round, deep-yellow, gourdlike fruit of a cucurbitaceous vine, and further resource reveals that cucurbitaceous means "Of or belonging to a family of chiefly herbaceous tendrill-bearing vines, the gourd family, including the cucumber, melon, squash and pumpkin."

Which brings us up to the point: I went out to the Dorrisville Food market Saturday and saw a venerable pumpkin — one that's three years old and still going strong.

Three years is a long life for a pumpkin, considering the number of pumpkin pies that are made, the pumpkin faces that grace front porches at Halloween time and other elements of risk.

But the hybrid pumpkin that has graced the shelf at the store has withstood everything — even the hottest of weather in the summer time.

"I bought about a dozen pumpkins three years ago and sold them all but this one," said Mrs. Jewell Lynch, operator of the store. "Go plunk it and see what you think of it."

I got it down and plunked it and it seemed very healthy. I examined it further and it looked like it can stand a lot more of Ol' Pappy Time.

It's turned out to be an item of interest at the store.

HUMOR DEPT.: The seven-year-old son of a radio comedian came home with his report card.

Dad: Well son, were you promoted?

Son: Better than that, Dad. I was held over for another 26 weeks.

WILDLIFE UPTOWN: Causing considerable interest Saturday morning on the northwest corner of the square was a wolf.

The timberwolf was brought to town by C. L. "Spec" Blackman of Stonefort but right now before we go any farther I want to emphasize that the wolf was dead before Spec got his hands on it.

The big feline was run over and killed early Saturday on Route 45 south of Stonefort by Howard Wayne Pea of Stonefort.

A number of wolves have been seen in the area south of Stonefort, reports here stated.

## Open Final Arguments in Evan Dale Trial

Case Expected To Go to Jury In Federal Court

EAST ST. LOUIS (UP)—A government prosecutor today described Evan R. Dale, on trial for trying to extort \$1,030,000 from Ebasco Services Inc., as a man "who held 38,000 laborers in the palm of his hand and had a fellow labor leader in his pocket."

Asst. Atty. Gen. Ben Brooks, opening final arguments for the government in the trial of Dale and James Bateman, pipefitters' official, told the jury he had never seen a charge "more completely and fully proven by the government."

The case is expected to go to the jury of six men and six women late today after closing arguments and instructions from Dist. Judge Fred L. Wham.

Dale and Bateman are accused in a three-count indictment with violating the federal anti-racketeering statutes by trying to extort the \$1,030,000 payoff from Ebasco, prime contractor on the huge Jopka, Ill., electric installation. Dale is also accused of a \$7,500 shake-down of a sub-contractor on the job.

Says Witnesses Reputable

Brooks described the government witnesses as "reputable business men." In answer to Dale's testimony Friday denying all the government testimony, Brooks said "they don't sit around making up stories like this in order to be a witness in a criminal case."

Brooks said the testimony showed clearly the "state of mind" of the men whom Dale and Bateman tried to shake down. He said Dale's testimony that he wanted to meet with Ebasco officials to settle a dispute over the unloading of pipe was false.

"It wasn't settling the dispute they had in mind," Brooks said. "It was getting a million dollars for themselves."

He said Dale bragged of gangster connections in the meeting with Ebasco officials at the Cairo, Ill., night club because "he wanted to and attempted with Bateman to place the fear in these men's minds that they had better make a deal if they wanted to finish the Jopka job."

Referring to one instance in which Dale took all the laborers off the Jopka job for a demonstration at Paducah, Ky., Brooks said "any person with the power to take off the job 350 carloads of workers also had the power to carry out his threats against Ebasco."

Face Possible 20-Year Terms

Fletcher Lewis, attorney for Bateman, told the jury that "all the people who testified so hotly against Dale here have been the best witnesses for Mr. Bateman."

Maximum penalty on each count is 20 years' imprisonment and a \$10,000 fine.

## PMW Considers Halting Benefits To Those Buying Competing Fuels

SPRINGFIELD (UP)—A rival mine union today considered a proposal to cut off benefits to widows and pensioned members whose homes are heated with coal dug by John L. Lewis' United Mine Workers.

The proposal under study by the Progressive Mine Workers of America, an independent union, also would halt the benefits if the homes were heated with "competing" fuels such as oil or gas. The use of wood, however, would be permitted.

Four members of the PMWA and four industry representatives will meet Wednesday to decide whether to write the proposal into regulations governing the PMWA welfare fund.

Should it win approval, any widow, pensioner or dependent "found guilty of using any fuel for heating purposes, other than Progressive-mined coal, or wood," will be "immediately removed" from the welfare rolls.

Members Offer Rule

William Crompton, PMWA president, said at the union's headquarters here that the suggested rule stemmed from rank-and-file sentiments.

"The men feel that if you're getting a pension from the Progressive Miners, you should buy their product," Crompton said.

The group which will consider the proposal Wednesday is the joint state executive board consisting of eight union and management officials. Crompton is president and Walter Gill, head of the Illinois Coal Producers Assn., is secretary.

The suggested rule recalled the case in 1950 of Charles Waichekaskas, 56, Collinsville, Ill., who was suspended from the PMWA for two years because he installed gas heat in his new home.

Affected Health

The union said Waichekaskas, a miner 34 years, violated a union rule requiring him to use coal or wood. He claimed that coal fumes made his son, a rheumatic fever victim, sick.

John Marchiano, then PMWA president, contended this was a "subterfuge" devised by Waichekaskas when the union "called his hand."

Marchiano said the miners had a right to "protect their jobs" against a spreading conversion to oil and gas.

"A man not only has the right to protect his job, he has an obligation to himself, his family and his co-workers to protect their own industry," he said.

Waichekaskas' suspension was lifted by the union a month later. The PMWA is an independent union which broke away from Lewis and his United Mine Workers in the 1930s. Nearly all its members are in Illinois.

"It limits freedom when the employer dictates how you can spend your money," he said. "But I can see the reasoning of the thing. We find those in the fuel oil business trying to hold onto their trade against the switch to natural gas."

L. E. Vilmore, agent for the Illinois Oil Producers' Agency, said he "can't see this making any serious inroads on the uses of petroleum products."

"So long as they are distributing the funds, I would assume they have the right within their charter to do such things," Vilmore said.

Wilbur Brown of Harrisburg, a PMWA board member, said the proposal would not "cause any changes" in that southern Illinois area, "because they're already using PMWA coal down here."

## New Officers To Be Elected By PMW Tuesday

SPRINGFIELD (UP)—Members of the Progressive Mine Workers of America will elect new officers Tuesday, with Louis (Lukes) Karlovic, Mount Olive, assured of winning the union presidency.

Karlovic, now secretary-treasurer of the PMWA, was nominated without opposition for the post of president, to succeed William Crompton.

Also unopposed Tuesday are Arthur Gramlich, Springfield, for vice president, and Dominic Griva, for co-trustee of the welfare and retirement fund.

Main contests are for secretary-treasurer, special accountant, and auditors of the independent mine union.

George Baima, Benld; Edgar Mahoney, Harrisburg, and Felix Goodnick, Belleville, seek the office of secretary-treasurer. Dominic L. Molinar, Collinsville, and Leland Odle, Harrisburg, are running for special accountant.

There are six candidates for auditor, with two to be chosen. The candidates are Ford Hottenrott, Belleville; Lyman (Teddy) Dainton, Belleville; Harry C. Wrigley, Collinsville; Joe (Cotton) Matthews, Harrisburg; Harry A. Rann, Carriermills; and James E. Morris, Carriermills.

PMWA members also will elect district board members. Harry Barnish, Gillespie, and Marion Basso, Staunton, seek that post in Dist. 6. Dino Fratiglioni, Collinsville, and Charles Kaemmerer, Belleville, are candidates for the office in Dist. 7.

In Dist. 11, Eugene Hughes, Harrisburg, is unopposed for board member.

## State Police Report Three Auto Accidents

Four Persons are Injured; Thieves Burn Wrecked Car

Three automobile accidents, two in which automobiles overturned and one where two collided on a Harrisburg street, were reported by state police today. One of the overturned cars, belonging to Louie Questelle of Harrisburg, was burned by thieves.

State Policeman Roy A. Lane reported that two persons were taken to Lightner hospital with injuries following a crash of automobiles at Webster and Lincoln in Harrisburg at 12:05 p. m. yesterday.

Injured were Sandra Kay Webb, daughter of Mr. and Mrs. Kendall Webb, and Mrs. Ralph Stout, in an auto driven by Mr. Stout. This car figured in a collision with one driven by Billy E. Karnes. Karnes, Mrs. Karnes and Stout were not hurt. All reside in Harrisburg.

Lane said that Robert A. Harris, 35, and his wife, Beulah, 31, of East Alton, Ill., are in the Ferrer hospital at Eldorado suffering injuries received when their auto overturned one mile south of Eldorado at 1 p. m. yesterday.

Harris reported that he started to pass an automobile and when it started to make a left turn at the Grayson road, he took off on the shoulder to avoid a crash. His car hit a concrete bridge culvert, however, and overturned. The other car went on, he reported. Harris was going toward Eldorado.

The car of Mr. and Mrs. Louie Questelle overturned on Route 1 near Cave-in-Rock as they were coming home from Cave-in-Rock around midnight Saturday but neither was hospitalized. They got a ride to Harrisburg and sent a wrecker after the car from this city. When the wrecker got there the driver discovered that a front wheel and tire had been stolen from the car and the auto had been burned.

## Form Knights Of Columbus Council Here

The Madonna Council of the Knights of Columbus was formed here Sunday when more than 50 Catholic men were initiated into the new council.

Members of the new council were initiated in a ceremony held at the Eagles hall Sunday afternoon by degree staffs from Mt. Carmel and Cairo. A banquet for the new members, visitors and wives was held Sunday night at the Kurto country club at which time those present were greeted by Harry Sonnemaker, State secretary of the Knights of Columbus from Peoria.

Mr. Sonnemaker discussed the ideals of the Knights of Columbus, charity, unity, fraternity and patriotism, and stressed the need of combating evil in every day life by reintroducing the spiritual element in every day living.

William Salus was toastmaster at the dinner meeting and introduced Bernard Wirth of Mt. Carmel, district deputy of the Knights of Columbus.

Mr. Wirth introduced visiting clergymen and special visitors and also introduced his first and second degree teams from Mt. Carmel. Also present was William Ryan, district deputy of Cairo, who introduced the members of his third degree team.

William Zimmer, John Molinaro and John Wenzel were recognized for their help in forming the Madonna Council which includes Catholic men from the Harrisburg and Eldorado areas.

Invocation was by Rev. T. G. Bruns, pastor of St. Mary's church in Harrisburg, and closing prayer was by the Very Rev. W. E. Hanegan, pastor of St. Mary's church in Eldorado.

The Knights of Columbus is an organization of Catholic men formed in 1882. Today there are more than 960,000 members in 4,000 councils.

## New Democratic Chairman Plans Party Unity, Attacks On Eisenhower Leadership

NEW ORLEANS (UP)—Newly-elected Democratic National Chairman Paul M. Butler today planned new party unity and bold attacks against President Eisenhower in an attempt to win Democratic control of the government in 1956.

Butler, in his first interview after winning the chairmanship, attacked the President's leadership and left the party's door open for recalcitrant southern Democrats.

Butler, 49-year-old South Bend, Ind., attorney, indicated that Democratic leaders would shed their velvet gloves hereafter in dealing with Mr. Eisenhower. He promised that political barages would be leveled at the Republican President and not just his party.

The new chairman said Mr. Eisenhower lacks the capacity to lead and unite the American people as well as his own party.

"It has been apparent month-by-month that the Eisenhower administration and the Republican Party have lacked the capacity to lead and unite the American people and it will become more apparent in the next 24 months," he said.

To Voice Differences

"We shall speak out frankly where we differ but will support him (Eisenhower) openly and most enthusiastically when we agree."

Butler, who was elected Saturday to succeed retiring Chairman Stephen A. Mitchell, also told a press conference Sunday that the doors were open for southern Democrats who bolted the party in 1952. Chief among the bolters were Govs. Robert F. Kennon, of Louisiana, Allan Shivers of Texas and James F. Byrnes of South Carolina.

Butler said he was pleased that the national committee which met here this week-end ditched the controversial loyalty pledge that split the party in 1952. An expected fight between north and south factions of the party did not develop after the rules advisory committee said no one should be required to make a pledge of loyalty.

Even Sen. Hubert Humphrey (D-Minn), one of the sponsors of the 1952 loyalty pledge, came out against any similar oath for the 1956 party convention.

Names Issues

Butler said the proper solution of issues was more important for elections than party organization and party know-how. Those issues, he said, were the Dixon-Yates power deal and the purported firing of thousands of government workers for security reasons.

The incoming chairman, who is a friend of 1952 presidential candidate Adlai Stevenson, said he planned an early conference with former President Truman at Mr. Truman's convenience.

Stevenson told delegates here on Saturday night, "If I cannot participate in public affairs as vigorously as in the past, I hope you will understand and forgive me."

"I assure you," he told his audience, "that it reflects no lesser interests in our party's welfare and no ingratitude for the inspiration and encouragement you have given me in such abundance."

The statements led some observers.

## Voters Defeat Higher Tax Rate for HTHS

A proposition to increase the tax rate for Harrisburg Township School District 101 lost at the polls Saturday.

The unofficial vote was 507 for and 638 against.

The proposition was to increase the rate limit from 50 cents to 71 cents on the \$100 assessed valuation but school authorities announced that plans were to make an increase of but five to ten cents to take care of operation costs.

During the campaign it had been pointed out that the local rate is one of the lowest, that teachers' salaries are not up to average and that the increase was of necessity to maintain standards.

No action will be taken on policy at the school until the board of education meets to canvass the vote. The board must meet within 10 days after the election.

One of two lines can be followed, Principal Raymond L. Foster said today. The school can continue to operate in debt or cuts can be made in the present operation.

## Rainbow Drug Store Burglarized

The Rainbow drug store was burglarized Saturday night by thieves who took about \$30 in change from the cash register and merchandise. Cigarette lighters were taken and a check was being made to see if any other items were missing. Entrance was made through a rear window.

CARTERVILLE, Illinois (UP)—Searching parties have recovered the bodies of three duck hunters who drowned in the wind-whipped waters of Crab Orchard Lake near here Sunday.

The body of Lawrence Blackard, 18, Belleville, was recovered about 10 a. m. today and the body of Gene Casagrande, Sesser, was brought up by dragging crews about an hour later.

The body of Norman E. Davis, 24, East St. Louis, was recovered Sunday shortly after the boat he was in with three other men filled with water and capsized in Little Grassy Bay on the south side of the lake.

Gene Otteson, Belleville, was rescued alive from the cold water and taken to a Carbondale hospital suffering from exposure and extreme shock.

Otteson was able to be questioned only enough to identify one of the missing men as Larry Blackard, also of Belleville, and the other as "Gene."

Two Drowned Last Week

The men were believed to have been tossed into the water when their boat capsized in high, wind-driven waves. The rough water also hampered rescue operations.

An observer in a fire tower spotted the four men hanging onto their boat.

Gene Crawford, supervisor of the Crab Orchard Wildlife Refuge, and Game Warden Bob Cooksey of Marion were notified and went to the rescue in a boat.

They found Otteson still clinging to his boat and Davis' body floating in the water. The other two had vanished.

The rescuers said Otteson was "pretty far gone" and could not have clung to the boat much longer. Davis was wearing a life preserver. It was believed the other two men had no preservers.

Last Wednesday Jerry Merriman and Bill Dunston, both 19, West Frankfort, drowned while hunting on the lake. Their bodies were recovered Friday.

**Waste of Brain Power**

**Editorial — By BRUCE BLOSSAT**

It's a very healthy thing that so many Americans respect the idea of having a college education. Regard for learning, for the discipline of good training, is a mark of a people's maturity.

Yet this regard can be allowed to go too far—or at least can be somewhat distorted. For the nation obviously has great mental reserves among the millions not fortunate enough ever to gain a college education.

A good many commercial and industrial concerns in this country have reached the point where they are insisting on a college diploma as necessary equipment for advancement to key executive responsibilities. The theory seems to be that only college graduates could possibly have the imagination and resourcefulness for creative thinking and problem solving at the highest level.

But an industrial psychologist, Dr. E. L. Stromberg, of the B. F. Goodrich company, comes forward now to dispute that notion. He reminds us that half our huge population is capable of earning a college degree, even though but a small percentage of these actually get the opportunity.

Says Stromberg:

"This waste of brain power is a detriment from which some industrial managements need to free themselves by recognizing that maturity, experience and growing knowledge exist in every man, not alone in college graduates."

We really shouldn't need the reminder. The catalog of "self-made men" who helped build America is infinitely long. True, our business world, like our political world, is more complex today than a few decades ago. The necessity for expert knowledge, for specialized training, is great.

But men who have basic qualities of intelligence, who diligently apply themselves to their tasks and who can profit by experience still can measure up to the heaviest responsibilities if given the chance.

The times are a challenge. Let's not throw away some of the best brains we might put into the contest simply because some men can't or don't get inside the ivied college walls.

Kentucky celebrates the birthday of Franklin Delano Roosevelt as a holiday.

**The WASHINGTON MERRY-GO-ROUND**  
By DREW PEARSON

**DREW PEARSON Says:** Pentagon Pressure Pushes Ike Toward Preventive War; Showdown With Red China Lurks Behind McCarthy Debate; Conviction Of 13 Americans By Communies Widens Split Between Republicans.

(Editor's Note — Today Drew Pearson writes another column on Eisenhower's difficult decision regarding coexistence or preventive war.)

WASHINGTON. — The preventive war group in the Pentagon and on Capitol Hill has now focused presidential attention on two possible opportunities for a showdown with Red China—either of which could lead to war.

No. 1 is over the Nationalist-held island of Quemoy, three miles off the Red China coast, which a majority of the joint chiefs of staff wanted to make the dividing line between peace and war. Ike said no.

No. 2 is over tough measures to obtain the release of American fliers held as spies by Red China. Again Ike vetoed tough measures.

The secret cabinet debate over these questions highlights the most important decision President Eisenhower has had to make in his entire career. His decision so far has been for so-called "coexistence."

But the pressure from some of his old comrades in the Pentagon is getting stronger. More and more there is talk of those old American mottos that used to mean something: "Don't tread on me" and "Millions for Defense But Not One Cent For Tribute."

More and more, also, there is talk among Senate Republicans that Eisenhower and Dulles are following the Truman-Acheson line.

Finally, the question of a showdown with Red China and possible preventive war had undertones all through the McCarthy debate, where many of the Republicans voting for McCarthy were strong China-lobby senators and had received campaign contributions from it.

Thus the split within the Republican party widens in somewhat the same proportion as the split within the Pentagon — over the most important issue facing Eisenhower and the nation. In fact, the split on Capitol Hill is fed in part by leaks to senators from military leaders.

**THE BACKSTAGE DEBATE**

To understand the full dramatic import of the debate it's necessary to report the play-by-play story of what happened.

Actually, the State Department has known about the 15 American pilots for about a year. But it did not know that two American civilians were also being held. Eleven of the pilots, plus the two civilians, have now been jailed on a charge of espionage. The remaining four pilots—Lt. Col. Edwin Heller, Capt. Harold Fisher, Lt. Lyle Cameron and Lt. Roland Parks—are still held but haven't been sentenced as spies.

Originally the State Department negotiated through the British for the release of the 15 airmen. However, the Chinese hinted that the United States might get further by dealing direct with Red China—an obvious move to embarrass this nation which, not recognizing Red China, isn't supposed to deal direct.

The State Department, however,

We should always be in an attitude of harmony with the Infinite Father. We should also preserve an attitude of love toward all humanity. It would make a wonderful world if all followed that rule.

"TAILORED STEEL" is the fashion experts' term for Chrysler's exciting new styling! Sweeping design change for 1955 features noticeably lower, longer lines and ... unmistakably Chrysler ... the new swept-back Super-Scenic Windshield that "wraps around" both top and bottom for greater (and safer) vision! New V-8 engines now power all

**WIDELY HAILED** is Chrysler's new PowerFlite Range-Selector ... on the dash! Permitting more instant control of gear-range selection, it heightens the pleasing "cock-pit" effect of Chrysler's new front compartment styling.

**TOTALLY NEW** throughout, the 1955 Chrysler is easy to identify from any angle. New-styled "tumblehome" (or slope-in of the sides) emphasizes Chrysler's road-hugging look. Unmistakably Chrysler is the classic simplicity of rear deck ... longer and broader. Dominant Twin-Tower tail lights set a new trend in rear-end design.

# 15 Killed, 18 Injured in Nation's Fires

Seven Children Among Dead; 4 Aged Persons in Rest Home

By United Press

A series of spectacular fires killed 15 persons and caused almost one million dollars in property damage in the 24 hours up to dawn today.

At least 18 other persons were injured.

Seven of the dead were small children and four others were elderly inmates of a rest home.

The latest deaths were caused when fire swept through the Maryland rest home at Germantown, Md., before dawn today. In addition to the four dead, 14 other elderly persons were injured. Damage to the big frame building was reported heavy.

## Wind Whips Flames

Almost all of the fires Sunday and today were whipped by strong winds resulting from a cold front which brought the chilliest weather of the season to the eastern half of the country.

Five children of Mr. and Mrs. Reginald De Baggis died in their flaming farm home Sunday night at Franklin, Mass. De Baggis, 30, was burned seriously and cut by glass but managed to save his wife and a sixth child, an infant.

At Kewanee, Ill., fire wiped out a family of four — Mr. and Mrs. Charles Frantzen and their children, Carol, 2, and Richard, 4 months.

Both fatal home fires were blamed on defective heating systems.

## Iowa Has Three Fires

Iowa suffered three severe fires. One, at Sioux City, damaged extensively four business establishments in the Morningside Masonic Building with the total loss estimated at \$250,000 to \$500,000. Flames raged out of control for four hours and it took firemen nine hours to put the fire out.

At Rockwell City, Iowa, a lumber yard and office were destroyed early Sunday with the loss estimated at \$150,000. A nearby home was damaged and firemen had a hard fight to keep the flames from spreading to a second lumberyard across the street.

The interior and contents of a hardware store at Glidden, Iowa, suffered \$30,000 damage in a blaze so hot the television sets "melted away" and plate glass windows were shattered.

## Junkyard Burns

A block-long junkyard was destroyed at Bloomington, Ill., by flames which for a time endangered several nearby homes as 15-mile-an-hour winds sent smoke and sparks over a wide area. The loss to the Morris-Tick Salvage Co. was estimated at \$250,000.

Flames could be seen 14 miles away. Firemen were hampered by low water pressure.

One fire at Chicago caused \$100,000 damage while a second injured two persons and was blamed for a heart attack suffered by a fireman.

An explosion rocked the Reilly Tar and Chemical Corp. building on the South Side just as firemen arrived in response to a watchman's alarm. No one was injured but it took firemen five hours to control the blaze.

## Man, Wife Burned

Oswald Kohn, 51, and his wife Alberta, 48, were burned when fire broke out as they were installing a gas stove in their basement. Fire Lt. Edward Patton, 43, was stricken by a heart attack while fighting the fire which caused \$10,000 damage.

Dallas' brand-new 40-story Republic National Bank building was the scene of a small fire, whipped by stiff breezes, that broke out in a lumber shed on the roof. The fire sent forth clouds of heavy smoke but caused no serious damage.

The blaze was one of several that have broken out since construction began on the building.

# Pro Lineman Collapses, Dies After Game

WASHINGTON (U)—Dave Sparks, Washington Redskins lineman, died of a heart attack that could not be attributed to any football injury, the Arlington county (Va.) coroner reported today.

The 26-year-old player collapsed and died a few hours after he played against the Cleveland Browns Sunday. An autopsy today revealed that Sparks suffered a coronary thrombosis.

Dr. W. C. Welburn, the coroner who performed the autopsy, said there were indications that the youth suffered "severe heart damage during a period about 24 hours before the game."

Sparks appeared well during the game, even after an injury. He did not complain of feeling ill in the dressing room and was joking with newsmen just before leaving for a dinner date.

He was dining at the home of a friend, Army Lt. Dominic Colella, at nearby Arlington, Va., when he complained of severe chest pains. He gasped for breath and suddenly collapsed.

A police ambulance took him to Arlington hospital, where he was pronounced dead on arrival.

Sparks, who was single, was survived by his father, Walter Sparks of Lorain, Ohio.

## Supreme Court Upholds Gov't On Tax Cases

WASHINGTON (U)—The Supreme Court today generally upheld one of the government's main weapons in prosecuting income tax evaders—establishing a taxpayer's original "net worth."

Acting on four cases, the high court upheld three tax evasion convictions and reversed a lower court which had dismissed the conviction of another defendant.

To show that a person has failed

to report large sums of current income, the government must attempt to prove his "net worth" or income prior to the year or years in question.

In three of the four cases, the defendants said they had saved large sums of money over a period of years. But the government attempted to prove that the money was earned during the period the defendants were alleged to have understated their income.

## Child Dies After Eating Aspirin Tablets

DECATUR, Ill. (U)—Lynn Carol Schuman, 13 months, daughter of Mr. and Mrs. Richard N. Schuman, Decatur, died Sunday in Decatur and Macon County Hospital after eating an undetermined number of aspirin tablets.

## To Reorganize State Police

SPRINGFIELD (U)—State Police Supt. Phil M. Brown said today he expects a top-level reorganization of the force to be in effect by Jan. 1.

Brown said three assistant superintendents will handle various phases of the force's operations out of state headquarters here under the new plan.

The present organization has two assistant superintendents, one in Springfield, the other in Chicago. A third assistant's post has never

been re-filled, Brown said. The assistant now stationed here is Harry Trautsch, and the assistant in Chicago is Wilbur Kennedy. Assistants hold the rank of captains and are certified for the post from the ranks of battalion and special duty captains.

Four other captains have been certified as candidates for the one or two assistant posts that will then be open. The candidates are Ervin Warren, Pleasant Plains; William Morris, Joliet; Walter Eichen, Pinckneyville; and Thomas O'Connor, Springfield.

Brown said Warren, presently in charge of the force's personnel and training programs, is the "logical choice" for one assistant's post. Brown said the choice of the second assistant will hinge on the division of duties among the new assistants.

## Two Soldiers Killed, Three Injured In Automobile Crash

LUNEBURG, Mass. (U)—Two soldiers were killed and three others injured critically early today when their automobile went out of control and crashed into a tree.

Pvt. Claude E. Martin, 21, of Hammond, Ind., died in the crash. Cpl. Louis E. Otero, 21, of Long Island, N. Y., died later at Fort Devens Hospital.

Pfc. Peter H. Beltram, 22, of Fairbury, Ill., Pfc. Robert O. Anderson, 25, of Wells, Mich., and Pfc. Mark Lehner were reported in critical condition by hospital authorities.

## Madness In The Spring

By Elinore Denniston  
Copyright 1954 by Elinore Denniston. Distributed by NEA Service, Inc.

XX  
Greg, Rupert and the newcomer climbed down into the ditch. "There was a washout along here three or four days ago," the stranger said. "These secondary roads have been neglected and a couple of makeshift bridges were put in as a temporary measure. I didn't think they would hold the weight of your car, let alone the trailer."

Recalling the ramshackle, tarpaper shack from which the man had come, Greg asked in surprise, "Have you been around here that long?"

The newcomer grasped the bumper. "If we give the old old heave-ho, I think we can lift her. Is the brake off?" Again Greg was bothered by the voice. He had heard it before, he was sure of that.

He released the brake. Then the three men took hold of the bumper. Greg was surprised that Hannah did not climb into the ditch with them and offer to help lift but there he misjudged her feminine wisdom. With her admiring eyes on them, both Rupert

and the stranger were prepared to break an arm to display their masculine strength to the best advantage.

"One—two—three—heave!" The car came up a few inches and dropped again. Rupert was trembling with strain; the slight stranger panted with effort. Greg braced himself. "Once more," he said authoritatively. "One—two—three—heave!" His arms seemed to be tearing out of their sockets. The car rose and they pushed it back on the road.

Rupert was gasping. There were beads of moisture on the stranger's forehead. Greg straightened and brushed his hands together lightly. Somehow the gesture felt familiar. Of course, the circus strong man! He glanced self-consciously at Daggett and had an impression that the old man had just looked away. There was a suspicious quirk to the twisted mouth.

The stranger grasped his left wrist with his right hand.

"Anything wrong?" Daggett asked in concern.

"Twisted my wrist," the stranger said.

"Let me see," Hannah demanded. He winced as she prodded and turned his hand. "You must have a sprain. Let me make a tight bandage for you."

They trooped into the trailer, and Hannah strapped the stranger's wrist.

Daggett introduced himself and his companions, and the stranger smiled engagingly, though his attention was so distracted by the strapping of his wrist that he did not reciprocate.

"Yes," Daggett said, after a careful scrutiny of his guest, his eyes bright with curiosity, "we are entirely on our own. Regular Robinson Crusoes. Cut off from the world by choice. We have no radio and we haven't even seen a newspaper since we started."

Rupert, who was distributing the drinks, gave him a quick look and his expressive brows went up. Casually he dropped a sweater over the table radio.

The stranger's eyes brightened. "A marvelous idea; but what brought you along this road?"

"The credit," Daggett said with modest pride, "is all mine."

"Well, at least no harm was done."

"You are the only casualty. I can't tell you how sorry I am. I wish there was something we could do in return."

"There is. I have run out of grub. You might give me a lift to a store where I can replenish my stock."

"Delighted," Daggett assured him.

Greg turned the car and the trailer on an open field and started back, deep in thought. There was more to the stranger than met the eye. Clothes that cost a month's salary at the bank, but living in a tarpaper shack. No car. Miles from anywhere. For Greg's money the whole situation added up to two words: hiding out.

Belatedly, he realized that Daggett had reached the same conclusion. That accounted for his mendacity about not seeing a newspaper and having no radio. If the old man had any crazy ideas, opposition would only strengthen them. Nonetheless, only a fraction of his attention was on driving; the rest was engaged in attempting to fit the stranger into accounts of recent crimes.

When they reached the crossroads where they had originally turned left, he headed west, relieved to be on a well-traveled highway once more. At the first small town he slowed down ostentatiously.

The stranger, between Daggett and Rupert on the back seat, did not appear to notice.

"Out of gas?" Daggett asked innocently when Greg brought the car to a stop in front of a supermarket.

"No, but this is the first place I've seen where Mr.—ah—can buy some groceries. Better to get them here because he won't have too far to walk back with his bundles."

The stranger made no move to get out, but chagrin was so obvious on his face that Greg could have laughed.

## White Sox Get Clint Courtney In 7-Player Deal

NEW YORK — The Chicago White Sox today obtained catcher Clint Courtney from the Baltimore Orioles in a seven-player deal, the first of many trades expected at the major league meetings this week.

In addition to Courtney, the White Sox also obtained pitcher Bob Chakales and infielder Jim Bridwiler. They sent to the Orioles pitchers Don Johnson and Don Ferrarese, catcher Matt Batts and utility infielder Fred Marsh.

It was the second major deal of the off season for the Orioles, who previously had completed a million dollar, 17-man deal with the New York Yankees.

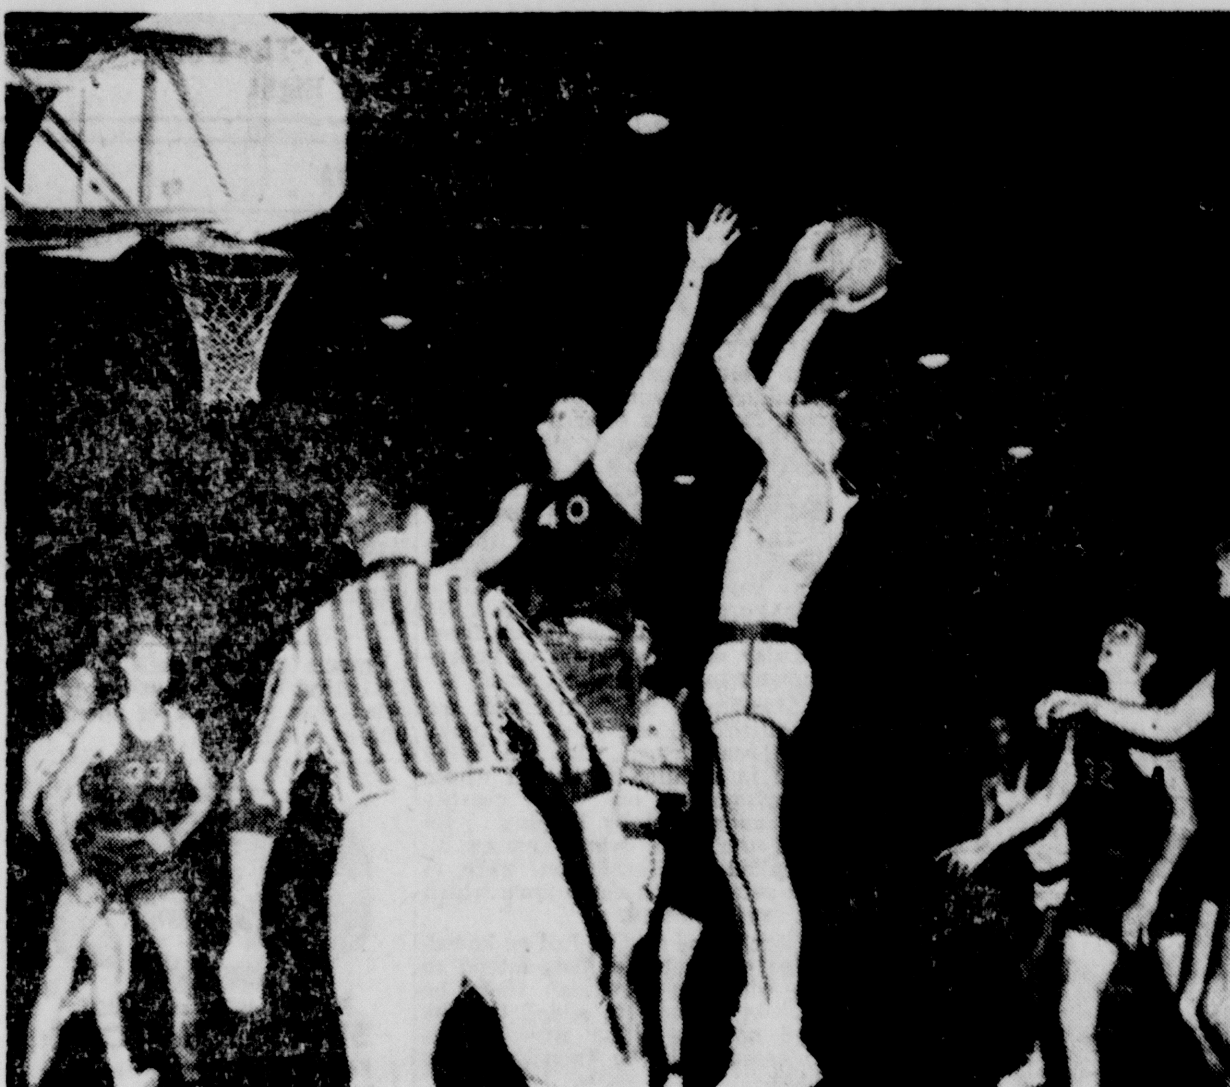

General Manager Frank Lane of the White Sox said today's deal was a straight player trade with no cash involved.

## Basketball Rules Exams for Officials Tonight at High School

More than 300 churches, including St. Peter's, the world's largest, stand in Rome. Many of these are more than 1000 years old, and the oldest, St. John Lateran, dates from the reign of Constantine, in the fourth century.

# Bul Dogs Beat Eagles, 62-58

## Locals Will Play at Benton Friday; Carrier Mills Here Saturday

The Harrisburg Bull Dogs, who defeated Eldorado Saturday evening, 62 to 58, this week travel to Benton for a Friday night South Seven conference game tilt, then entertain Carrier Mills at Davenport gym the following evening.

The locals, drubbed by Herrin Friday night in their opener, showed vast improvement against the Eagles and the two teams put on a nip-and-tuck battle that gave the crowd an exciting evening.

It was the first loss of the season for Coach Al Adams' Eldorado crew, which previously had beaten Benton and Carmi. And after Harrisburg had led throughout nearly all the first half, it looked as though the Eagles were going to make it three in a row as they pulled out to a 49-40 lead at the end of the third quarter.

### Anglin Scores 27 Points

But in the final frame the Bull Dogs, fighting all the way, scored 22 points to but nine for Eldorado and came out of the contest with the four-point victory.

Coach Gene Bland's locals outscored Eldorado from the field, 25 goals to 15 for the Eagles, but at the free throw line Eldorado was far ahead, with 28 points in 42 shots. Harrisburg made but 12 out of 30, not nearly so good as the Bull Dogs did against Herrin when they made 21 out of 33.

The locals, who could make only three field goals against Herrin, were paced by David Anglin, junior forward, who broke the record for Bull Dog players in Davenport gym. Anglin's 27 were two more than Wilmoth's 25 against Benton a couple of years ago.

Harrisburg pulled out to a 12-6 lead at the outset but Eldorado narrowed the gap to 17-14 at the end of the first quarter. The locals held the lead for the first five minutes of the second quarter, at which time Eldorado took the lead for the first time, 24-23. The lead was short-lived, however, and at halftime Harrisburg clung to a 30 to 29 margin.

### Bull Pups Win

Eldorado looked good the third period as the Eagles outscored Harrisburg, 20-10, with Lovellette making 10 of the 20, and still held a 51 to 45 lead with six minutes left in the contest. At this point the Bull Dogs put on a press, which was successful, and the Eagle lead vanished, Harrisburg going ahead 54-53 with four minutes to go. This lead was extended in the closing minutes.

Broad-shouldered Lovellette was Eldorado's leading scorer with 25, only two behind Anglin.

In the preliminary contest the Bull Pups beat the Eagles, 47 to 30, leading 12 to 5 at the quarter, 29 to 15 at halftime and 38 to 21 at the end of the third period.

Harrisburg players and points: Bryan Jones 6, Bill Henshaw 10, Bennie Fulkerson 2, John Ziegler 4, Bill Bottomley 5, Wayne Stone 0, Charles Cummins 0, Jim Cummins 8, Bob Shewmake 0, Gary Crews 4, Travor Whiteside 0, Donald Biggs 0, Eddie Price 2, Bob Murrie 2, Bob Clark 2, Bill Yates 0, Ray Hassett 2.

## Play to Begin Tonight in Equality Tourney

Play in the annual Equality Invitational basketball tournament—one of the first in the state each year—opens tonight in the Gallatin county school's new high school gymnasium. A capacity crowd is expected for the opening session this evening.

Unbeaten Shawneetown—tourney favorite—will clash with Joppa in the lid-lifter at 7 o'clock. Host Equality will tangle with once-beaten Crab Orchard in the second game at 8:30.

Shawneetown is not expected to have too much trouble with Joppa. The Rangers squeaked by Equality a few days ago but have only a mediocre team. Equality warmed up for its second try at Crab Orchard by nipping Galatia Friday night, 42-41. The Cardinals dropped a four-point decision to the veteran Crab Orchard crew earlier in the season, 45-41.

Tuesday night Royaltan, defending tourney champs, meet Enfield in the first game at 7 o'clock, and Ridgway tangles with Mills Prairie in the aftermath. Royaltan is riding a six game winning streak, having been beaten only by Goreville in the season's opener.

Royaltan will be favored to topple Enfield, and Ridgway, although winners of only two of seven games, is expected to give Mills Prairie's veteran quintet a terrific struggle.

Winners of Monday night's games will meet at 7 o'clock Wednesday, and Tuesday night's conquerors will mix at 8:30. Consolation and championship games will be played Thursday night. Officials for the Monday, Wednesday and Thursday sessions are McCosky, Murphyboro, and Peebles, Marion, Wilkinson, W. Frankfort, and Songer, Fairfield, will do the whistling Tuesday.

Admission prices have been announced as 50 cents for adults and 40 cents for students. The new Equality gym will seat nearly 1,000.

## Benton Hands Galatia Its 4th Loss, 66-40

Galatia high's offensive ran out of gas in the second half again Saturday night, and Benton's Rangers took advantage of the Bearcat weakness to post a 66-40 victory. It was the fourth loss in five games for Galatia.

Coach Sammy Miranda's eagles played excellent ball during the opening quarter, and at one time led the invaders 9-4. The tall and speedy Rangers narrowed the gap to a mere point, 14-13, as the period closed.

In the second quarter, Ralph Davidson's charges began to find the range. Paul Grammer, 6'4" veteran center, and his 6'3" teammate, Barnfield, tossed in 14 of Benton's 16 tallies in the canto. But Galatia fought desperately to stave off a rout.

Once again it was third and fourth period lulls that downed the usually high-scoring Bearcat club. In each of the last two quarters Galatia tallied only eight points. Meanwhile, Benton used its height and speed to extend the margin over the foe. They led 47-32 at the end of the third, having pulled away to a 35-24 edge early in the quarter before the Cats countered.

Grammer's towering strength in the Benton center slot made the grave difference. He scored five fielders and 11 of 14 foul tosses for 21 points, despite Glen Clarida's fine defensive efforts.

The Rangers were superior in the shooting department, dropping in 24 of 61 tries for a .393. Galatia hit only 13 of 44 for a .295. The visitors were also tops at the 15-foot line where they made 25 charity tosses. Galatia tallied 14 times in 27 attempts.

By BILL MELTON

Received a letter a day or so ago from Dick Lehr, coach at Bridgeport and formerly at Carrier Mills. Dick is looking for help.

His team opened the season last Tuesday with a 75-63 victory over Noble, but the wire service carrying the score reversed it, showing Noble the winner.

Says Dick: "It's bad enough to lose a game, but even worse to win and have it flashed over the state you lost."

Tuesday night Bridgeport entertains Flora and Friday night goes to Salem.

Lehr also stated the Bridgeport holiday tournament needed a couple more teams. The meet is scheduled for Dec. 27-28-29. Any coach interested in getting in a basketball tournament should contact Dick Lehr, Coach, Bridgeport High School, Bridgeport, Illinois, immediately.

Two Harrisburg students, Richard Reynolds and Dick Harold, enrolled at Kemper Military School, Boonville, Mo., have been awarded company rifle letters for outstanding performance with their company rifle teams this fall.

The letters were awarded in an assembly conducted by Lt. Col. J. G. Kralovec, director of athletics. Reynolds is the son of Mr. and Mrs. Justin Reynolds, 417 West College, and Harold the son of Mr. and Mrs. N. E. Harold, 608 South Main.

Ed Fredette and Jim Wilkerson have been named co-captains of the Benton football team for next year. Both played regularly as sophomores and this year as juniors received All-Conference recognition. Wilkerson is a guard on offense and usually a linebacker on defense. Fredette is a fullback on offense and defensive linebacker or halfback.

As an added attraction, this column is going to sponsor a "You Pick 'em" blank on Mondays for the next few weeks. We'll list ten or twelve of the area's outstanding games coming up the following Friday or Saturday nights. If you, dear reader, wish to participate, clip or make yourself a blank like the one below and mail it by Thursday of each week to the Sports Desk, c/o Daily Register, Harrisburg.

There's nothing to buy, no labels or tops to send, and don't expect a new car or cash if you wind up the top picker of the week. We're just giving the whole idea a whirl for the interest and entertainment of all concerned. Top pickers for the week will be announced in next Monday's issue with another blank. Now don't forget, your envelope must be postmarked no later than Thursday.

Oh, yes, one other thing. So as not to make it too easy for all you experts, we'll label one of the games—Game of the Week. On this one, guess the score, too. Here's our first blank:

## Irish Defeat SMU, 26-14, to Close Season

### By United Press

College football's regular season madness was over today, but that now-familiar malady known as bowl fever was only just beginning.

Notre Dame closed out a mighty successful season under rookie Head Coach Terry Brennan by downing Southern Methodist, 26-14, Saturday before 75,504 fans in the Cotton Bowl at Dallas, Tex., and a national television audience.

Meanwhile, Florida A and M won the 22nd annual Orange Blossom classic by whipping Maryland State, 67-19; the University of Texas won the seventh annual Refrigerator Bowl brawl, and Compton, Calif., Junior College edged Boise, Idaho, Junior College, 7-6, in the Potato Bowl.

The post-season festivities continue next Saturday when Newberry opposes Appalachian in the Elks Bowl at Raleigh, N. C., and El Camino Junior College plays Hinds Junior College in the Junior Rose Bowl at Pasadena, Calif.

Ralph Guglielmi and Joe Heap, wearing Notre Dame moleskins for the last time, teamed up in the Irish victory over Southern Methodist. Heap scored two touchdowns, including an 89-yard gallop, while Guglielmi completed 11 of 18 passes against the injury-riddled Mustangs and dashed three yards for another Notre Dame TD.

It was Notre Dame's ninth victory in 10 games and helped establish the 26-year old Brennan as a leading candidate for "Coach of the Year" honors. His rookie record compared favorably with Frank Leahy's mark of 8-0-1 turned in during "the master's" first year as Notre Dame head coach in 1941.

In the only other major games on the windup schedule, Houston downed Detroit, 19-7, with the help of a 56-yard touchdown run by quarterback Jimmy Dickey, while sophomore quarterback Mackie Prickett passed and ran South Carolina to a 19-6 uphill triumph over The Citadel.

## Ludlovian Bruce National Springer Spaniel Field Champ

MARION, Ill. (U.P.) — Ludlovian Bruce of Grenfell is the 1954 national field trial champion.

The new champion, who was an international champion in England before being brought here about a year ago, is owned by Mr. and Mrs. Joseph C. Quirk, Greenwich, Conn. He won his title Saturday from a field of 34 dogs entered in the three-day meet held by the National English Springer Spaniel Field Trial Assn.

F. T. Ch. Ringe of Crisshall and his amateur owner and handler, C. K. Hunter, Barrington, Ill., won the first national amateur shooting dog stake at the Crab Orchard Wildlife Refuge Sunday where the national trial was held.

Lawrence R. MacQueen, Pottersville, N. J., handled Ludlovian Bruce in the championship stake for Quiri, who was unable to attend the trial because of illness.

F. T. Ch. Stubblefield Ace High, the 1952 national champion, owned by W. T. Gibson, Stockton, Calif., was second and third place went to F. T. Ch. Staindrop Breckonhill Beinker, owned and handled by Elmore C. Chick, Chicago.

# Canadian Flier Says Reds Hold More Airmen

UNITED NATIONS, N. Y. (AP)—The United Nations joins the United States today in a formal demand that Red China release U. S. airmen still imprisoned a year and a half after signing of the Korean truce. Eleven of the airmen are held on trumped-up spy charges.

The latest disclosure of the illegal imprisonment of Americans was supplied by Canadian Royal Air Force squadron leader A. R. MacKenzie, who himself was freed Sunday after two years of imprisonment in Communist China.

MacKenzie told American authorities in Hong Kong he knows of three airmen who are being held in addition to the 11 whose imprisonment on "spy" charges was announced by Peiping. He said the men, whose names he supplied to Washington, were in the same prison camp from which he was released.

MacKenzie said he had no knowledge of what the Reds intend to do with the American fliers he met in prison. He added that he had no idea either why he was released while the Americans were held.

There had been hopes in Hong Kong that some of the illegally imprisoned Americans might be freed, unannounced, along with MacKenzie. U. S. Lt. Col. Dwight Simpson, U. S. air liaison officer, went to the Red frontier to meet MacKenzie Sunday in that hope. He was disappointed.

In London today, Foreign Secretary Anthony Eden accused the Red Chinese of "direct violation" of the Korean armistice in jailing the 11 American airmen. Eden said, "We deplore this conduct."

## West Berlin Socialists Win 64 Parliament Seats

BERLIN (AP)—West Berlin Socialists captured 64 of the 127 seats in the city's Parliament today, crushing Communist and Nazi-tainted hopes of getting a foothold in the city government.

The anti-rearmament Socialists retained their position as the city's strongest party and ousted a right-wing coalition from power.

But West Berlin's Christian Democrats, in winning 44 seats, made sweeping gains in Sunday's elections to assure themselves of representation in a new Socialist-Democrat coalition.

Dr. Otto Suhr, incoming speaker of Parliament who has been nominated by his party for mayor of West Berlin, said the Socialists will not attempt to use their one-seat majority in Parliament to rule alone.

A record total of 1,554,766 voters turned out for the election and gave the Socialists 684,646 or 44 per cent. Christian Democrats received 466,595 votes, or 30 per cent, at the expense of the moderate rightist Free Democrats, their chief coalition partners in Chancellor Konrad Adenauer's federal government.

Don't do a half-way job when you clean lamps. Take the globe or reflector and give it the works in the sink or dishpan. You'll save light bills, for the reflector is often the demon that makes a reading lamp like a night-light.
